Hi, Pam. As you know, we have a meeting/call on the schedule for next Wednesday. But CRW had requested from EPA a list of outstanding information requests, and we haven't received that yet. With only a week to go before we get together, it'll be hard for us to pull information together in time, especially if there is a long list. So it might make sense to reschedule the meeting/call, once we see the info requests and can assess how long it will take to address them. Can you let us know where things stand on these issues within the Agency? Feel free to call if you'd like to discuss – thanks.
